It is noted that in March of 1974, CRD, USDJ, requested investigation of repeated break ins of United Farm Workers Offices in possible violation of Title USC, Section 241. The original investigation centered around an individual subsequently identified as Jerome J. Ducote known as a con man and identified as a former Deputy Sheriff, Santa Clara, California, Sheriff's Office. The investigation concerned his attempt to sell information to the United Farm Workers (UFW) for \$35,000 regarding break ins of their offices. Ducote subsequently interviewed by SC Division 4/2/74 at which time he advised that he and others were engaged in gathering intelligence for certain California growers concerning the UFW and that he, Ducote, was in debt for over \$20,000. Upon completion of our investigation, the Department of Justice advised that no Federal violation existed and that information should be made available to appropriate local authorities. Pertinent information was disseminated to the Chief of Police James Ailes, Delano, California, Police Department on 6/3/74 and to the Kern County Sheriff's Office on 6/7/74.

Upon receipt of requested LHM and based upon information contained therein, appropriate instructions will be issued to SC re future handling of this matter.

## INFORMATION CONCERNING

PURPOSE: To advise of reported allegations of Joseph Jerome Ducote that he burglarized at the direction of the FBI and gave copies of the material stolen to the FBI. To also advise that an Agent of the California Bureau of Investigation reportedly feels the FBI applied pressure on a Chief of Police (COP) to stop a robbery investigation involving [redacted] (reportedly an accomplice of Ducote), and that [redacted] was working for or hired by the FBI.

b7C

BACKGROUND: In March, 1974, the Civil Rights Division (CRD), U. S. Department of Justice (USDJ), requested investigation of repeated break-ins of United Farm Workers (UFW) offices in California between 1966-70, in possible violation of Title 18, U. S. Code, Section 241, involving a conspiracy to deny UFW rights guaranteed by labor law statutes. The investigation centered around an individual subsequently identified as Jerome J. Ducote, known as a con man and identified as a former Deputy Sheriff, Santa Clara, California. The investigation concerned his attempt to sell information to UFW for \$35,000 regarding break-ins of their offices. Ducote subsequently interviewed by Sacramento Division, 4/2/74, at which time he advised that he and others were engaged in gathering intelligence for certain California growers concerning the UFW and that he, Ducote, was in debt for over \$20,000.

Upon completion of our investigation, the USDJ advised that no Federal violation existed and that information should be made available to appropriate local authorities. Further information was disseminated to the COP, Delano, California, Police Department, and Kern County Sheriff's Office, June, 1974.

Memorandum to Mr. Gallagher  
RE: JOSEPH JEROME DUCOTE, aka

In January, 1975, [ ] advised the FBI that he and Ducote had burglarized several establishments (between 1964 - 1967), including the office of the UFW and had stolen documents. This information has been furnished to the CRD.

DETAILS: On 11/24/75, John M. Lilly, Special Agent, Bureau of Investigation, Department of Justice, State of California, contacted the San Jose Resident Agency and indicated that he would like to discuss Jerry Ducote. Lilly said that he and Bob J. McCollum, Investigator, Santa Clara County District Attorney's Office, were seeking FBI assistance.

Lilly and McCollum appeared at the San Jose Resident Agency and the interview was initiated by McCollum advising SA [ ] of his constitutional rights. They explained that Ducote burglarized the San Jose Peace Center, Attorney John Thorn's law office, and Grace McDonald's residence and office (publisher/editor of California Form Reporter) in 1967. According to Lilly, Ducote claims he burglarized these addresses at the direction of the FBI and specifically SA [ ] and gave copies of the materials stolen to both the FBI and Western Research in Oakland, California. Lilly pointed out that Ducote will be prosecuted for possession of the stolen documents and states his defense will be that he acted at the direction of the FBI.

b7C  
b7D

Lilly stated that his superior in San Francisco was planning to contact U. S. Attorney (USA) James L. Browning, in an effort to obtain FBI files to assist in their investigation.

SA [ ] advised McCollum and Lilly that he had interviewed Ducote on one or two occasions, but had never directed any activities of his nor had he received any materials whatsoever.

In October, 1975, [ ]

Our Sacramento Office has advised that the files of the Los Angeles, San Francisco and Sacramento Offices of the FBI contain no information showing that Ducote or [ ] were employed, used, or requested to perform any function for the FBI.

Memorandum to Mr. Gallagher  
RE: JOSEPH JEROME DUCOTE, aka

On December 5, 1975, a conference was held at USA James L. Browning's office with SAC Charles W. Bates and Steven S. Worshins, Chief of Special Agents, Bureau of Investigation, Department of Justice, State of California, San Francisco Office. During this conference, Worshins agreed to make available detailed information in the possession of the State Bureau of Investigation regarding this matter so that the Bureau could assist in any prosecution and also defend itself from any allegations made by the subjects. To date, the San Francisco Office has not received the information promised.

On 12/15/75, Departmental Attorney William L. Gardner, CRD, advised that he is familiar with the above matter as he had been recently contacted by a reporter for the Fresno Bee, a local California newspaper. The reporter had several questions about the above-mentioned investigation of Ducote in 1974. Gardner advised he provided little information of value and the reporter indicated that he would most probably file for the information under the Freedom of Information Act.

Gardner stated that he wished to be kept advised of the facts and developments of this matter and he further stated that he has not been in contact with the USA, San Francisco, regarding his opinion but that every effort would be made to defend against any unfounded allegations against the Department or the FBI should they arise.

ACTION: Our Sacramento and San Francisco Offices have been instructed to resolve all of these allegations and to obtain affidavits from the Agent personnel involved.

Investigator BOB J. MC COLLUM, Santa Clara, California, District Attorney's Office, and Investigator ROBERT M. BROWNING, San Jose Police Department, San Jose, California, were advised by SA CONRAD N. SHAW in the presence of SA [ ] that DUCOTE did not furnish any documents to SA SHAW nor did DUCOTE furnish any information of particular value to SA SHAW and [ ] when contacted after DUCOTE approached COHEN at Bakersfield, California, concerning the sale of stolen documents. MC COLLUM was also advised that DUCOTE was not any type of "informant" or "source" for SA SHAW.

b7C

MC COLLUM stated that JOHN LILLY, California Department of Justice, Investigator, San Francisco, has considerable information concerning this matter and intends to contact FBI Offices at both San Francisco and Sacramento for information concerning subjects.

It was apparent from conversations with MC COLLUM and BROWNING that some information had come to their attention to the effect that SA SHAW had personally received documents from DUCOTE. SA SHAW theorizes that this type of information, if not directly from DUCOTE, could have been an assumption on the part of JERRY COHEN, Attorney for United Farm Workers Union (UFWU), or GEORGE BAKER, former reporter for the Fresno Bee, Fresno, California, who corroborated with DUCOTE in 1974 and wrote several articles concerning the matter. BAKER, who is pro UFWU, is now reporter with Bee Washington Bureau, Washington, D. C.

DUCOTE was contacted 4/2/74 at Bakersfield, California, by SAs SHAW and [ ] as set forth on page three of referenced LHM, but definitely did not turn over any type of documents to interviewing Agents. This contact and FBI investigation referred to by JERRY COHEN in attached LHM is set forth in report of SA SHAW, dated 4/19/74,

at Sacramento, captioned "JEROME JOSEPH DUCOTE, aka Jerry Cohen, United Farm Workers, Keene, California - VICTIM; CIVIL RIGHTS".

A current news article, written by GEORGE L. BAKER, concerning this matter is enclosed.

LEADS:

UACB, in order to resolve allegations or inferences that the FBI has received stolen UFW documents from DUCOTE, the following investigation will be performed by the San Francisco Division:

AT SAN JOSE, CALIFORNIA. Make inquiry at Santa Clara District Attorney's Office for full particulars concerning information that the FBI received stolen UFWU documents from DUCOTE.

AT SAN FRANCISCO, CALIFORNIA. Contact investigator JOHN LILLY, California Department of Justice, for full particulars concerning statements made by DUCOTE regarding the FBI.

INQUIRY FROM CONGRESSMAN DON EDWARDS (D-CAL.),  
CHAIRMAN, SUBCOMMITTEE ON CIVIL AND CONSTITUTIONAL  
RIGHTS OF THE HOUSE COMMITTEE ON THE JUDICIARY

b7C

On 1/6/75, Alan Parker, Chief Counsel, House Subcommittee on Civil and Constitutional Rights of the Committee on the Judiciary telephonically contacted Inspector [redacted] regarding allegations made by JOSEPH JEROME DUCOTE to the effect that he had committed political burglaries on behalf of the FBI.

This matter has received considerable press attention in California, and Congressman Edwards has expressed an interest in these allegations. Edwards has posed several questions concerning DUCOTE'S association with the FBI including the following:

1. Was DUCOTE an informant for the FBI?
2. Has he been interviewed by the FBI?
3. Has the FBI received any information from DUCOTE obtained from illegal activities?
4. Does the FBI evaluate the source of and the information offered?
5. If information obtained illegally is offered to the FBI, is an investigation instituted, and are proper authorities notified?

Congressman Edwards is leaving for California on 1/10/76 and has requested an oral briefing on 1/9/76 so that he may answer inquiries he may receive while in California.

On 12/22/75 JOHN LILLY, Bureau of Investigation, Department of Justice, State of California, advised that JEROME DUCOTE had been arrested by them and incarcerated in the Santa Clara County Jail with bail set in the amount of \$100,000. He is charged with 14 counts of Grand Theft and Possessing and Concealing Stolen Property. LILLY stated that in their continuing investigation they now find that DUCOTE merely alluded to dealing with some security agency and that other people concluded that it must be the CIA or FBI.

A news article concerning DUCOTE's arrest is enclosed herewith. His incarceration may preclude an expeditious interview of DUCOTE as directed.

San Francisco is now in receipt of a copy of the letter directed by the State Attorney Generals to the United States Attorney with the specifics of their allegations. A copy of this letter is enclosed for the Bureau, Sacramento and Butte.

## Political Burglary Scandal -- Bay Activists Were Targets

By Rick Carroll

A Watergate-style scandal involving a host of political burglaries stretching back nearly a decade has surfaced in Santa Clara county, according to a 138-page report filed yesterday with the San Jose Municipal Court.

Jerome Ducote, 46, a former Santa Clara county deputy sheriff

and longtime Republican Party activist, was arrested in the case yesterday.

He is accused of 21 felonies and is in the Santa Clara county jail in lieu of posting \$100,000 bail.

The voluminous report is the result of an 11-month investigation by the California Department of Justice's Organized Crime and Criminal Intelligence Branch, the Santa Clara county district attorney's office and the San Jose Police Department, according to William P. Hoffman, a Santa Clara county assistant district attorney.

The report includes a rambling, 96-page interview with Ducote in which he admits 17 burglaries, most of them committed in 1966 and 1967.

His targets, Ducote told investigators, included the Delano office of the United Farm Workers, Ramparts Magazine, both the Carmel home and Chicago office of radical organizer Saul Alinsky, San Francisco's American-Russian Institute and the People's World (a Communist Party newspaper), the San Jose office of left-leaning lawyer the San Jose headquarters of Catholic Social Justice, and numerous anti-Vietnam War groups in San Jose, Oakland and Berkeley.

The admissions emerged during a tape-recorded interview last February 14 with Walter Kubas, special agent of the State Department of Justice.

ENCLOSURE

His accomplices in many of the break-ins, Ducote said, were Andy Gulermovich, now living in Salinas, and Henry Scherling, now a resident of Cour d'Alene, Idaho.

Ducote told Agent Kubas that he resigned from the Santa Clara sheriff's department in 1963 and, that same year, was elected president of the county's Young Republican Club.

At a Republican meeting, he met Kenneth Wilhelm, then the secretary of the Santa Clara County Farm Bureau, who offered him an \$800-a-month job to ferret out radicals.

Three years later, the burglaries cropped up throughout northern California. (Investigators corroborated most of the break-ins according to the report.)

Piles of stolen documents were turned over to Wilhelm, now a Peninsula schoolteacher, according to the interview.

At one point, Ducote visited Congressman Charles Gubser (Rep-Gilroy) in Washington, and turned over copies of the purloined documents to the House Committee on Un-American Activities.

The committee's chief investigator and a Central Intelligence Agency Congressional liaison man asked for copies of all future documents, Ducote claimed. He said he did not tell anyone in Washington how he got the files.

Ducote's two closest shaves came in Delano and in San Francisco, he said.

During one burglary of a group that worked closely with Cesar Chavez, Ducote's and Scherling's rented auto license was copied.

Several days later, Scherling surrendered to the San Jose police. After Ducote told a Delano policeman that the purpose of the break-in was to prove Chavez's

links to the Communist Party, the investigation was dropped, Ducote said.

In San Francisco, Ducote said he waited near the People's World office at 81 Clementina alley for "three or four nights" to obtain a copy of the Communist newspaper's subscription list.

When the subscription lists were dumped into a trash can, Ducote wound up in an unseemly struggle with an FBI agent, a San Francisco policeman and an Army Intelligence agent over them.

The policeman won, Ducote said, after he threatened to arrest Ducote and the other two investigators.

Ducote and his accomplices cannot be charged with burglaries themselves, according to Assistant District Attorney Hoffman, because there is a three-year statute of limitations on the prosecution of this crime.

However, Ducote was accused of grand theft because, within the past year, he persuaded 14 prominent San Jose businessmen to aid him in his fight to get Chavez to the Communist Party.

When the businessmen learned that Ducote did little or no investigating with these funds, they complained to the district attorney's office, triggering the investigation.

The other seven felony charges, Hoffman said, stem from Ducote's hanging onto purloined documents. He is also accused of seven counts of concealing stolen property.

It has also been claimed that these break-ins were performed with the knowledge and tacit approval of both local and national authorities specifically including the Federal Bureau of Investigation. In addition to the already named persons, others are alleged to have had access to the information and documents obtained by these break-ins and to have passed this information to interested governmental agencies. In particular Lawrence V. Cott, San Rafael, California, formerly employed by Western Research Bureau then of San Francisco, California is said to have passed stolen documents to the F.B.I. Mr. Cott has denied this.

PURPOSE: To advise of the status of an investigation instituted to resolve reported allegations that Joseph Jerome Ducote burglarized at the direction of the FBI and gave copies of the materials stolen to the FBI. u

BACKGROUND: You were previously advised in a  to Mr. Gallagher memorandum dated 12/22/75, that in March, 1974, the Civil Rights Division (CRD), U. S. Department of Justice (USDJ), requested investigation of repeated break-ins of United Farm Workers (UFW) offices in California between 1966 and 1970, in possible violation of Title 18, U. S. Code, Section 241, involving a conspiracy to deny UFW rights guaranteed by labor law statutes. The investigation centered around an individual identified as Joseph Jerome Ducote, known as a con man and a former deputy sheriff, Santa Clara County, California. u

Upon completion of our investigation, the USDJ advised that no Federal violation existed and that information should be made available to appropriate local authorities. Said information was disseminated by our Sacramento Division to the Chief of Police (COP), Delano, California, Police Department, and Kern County Sheriff's Office, June, 1974. u

On 11/24/75, John M. Lilly, Special Agent, Bureau of Investigation, State of California, advised SA  of the San Jose Resident Agency that during the approximate period 1967 - 1968, Ducote committed several politically oriented burglaries, including the San Jose Peace Center. According to Lilly, Ducote committed the burglaries at the direction of the FBI and gave copies of the stolen materials to both the FBI and Western Research of Oakland, California. Lilly stated that Ducote will be prosecuted by the State of California for possession of stolen documents and indicated that Ducote will state as his defense that he acted at the direction of the FBI. u

Memorandum to Mr. Gallagher  
RE: JOSEPH JEROME DUCOTE, aka

DETAILS: On 12/22/75, Special Agent John Lilly, Bureau of Investigation, advised that Ducote had been arrested by them and incarcerated in the Santa Clara County Jail, with bail set at \$100,000. He is charged with 14 counts of grand theft and possessing and concealing stolen property. Lilly stated in their continuing investigation, they now find that Ducote merely alluded to dealing with some security agency and that other people concluded that it must be the FBI. u

On 12/24/75, Joseph Jerome Ducote was interviewed by SAs of the FBI at the Santa Clara County Jail and provided the following information: u

Ducote advised that he has never worked for the FBI in any capacity. He advised that he did not turn over any documents to Agents of the FBI nor did he ever meet any Bureau Agents who were acting in an undercover capacity. u

Ducote stated, however, that Western Research of Oakland, California, had sent an agent down to review papers that he had in his possession. Ducote said he thought this individual was from Army Intelligence based upon the way the person was dressed and in his general appearance. Ducote advised that he had what was believed to be two meets with the CIA, the first being in Washington, D. C., and the second in San Jose, California. He advised that he never directly contacted the CIA for these meetings. Ducote refused to comment on this matter inasmuch as he was concerned it might jeopardize his current position. u

Comprehensive letterhead memoranda and affidavits submitted by both the San Francisco and Sacramento Divisions regarding this matter, specifically deny that Ducote or his associates provided any stolen documents to SAs of the FBI or were ever operated as sources, informants, or at the direction of the FBI. u

It is noted, however, that a mailing list for the San Jose Peace Center, one of the organizations reportedly burglarized by Ducote in 1967, was provided to SA [redacted] in 1965, by former [redacted] at the time a highly placed source at the Center. This source obtained the list as a result of source's direct affiliation with the Peace Center and not through any contact with Ducote. Bureau files contain no information which would link source with Ducote. ~~C~~

(U) Departmental Attorney William L. Gardner was advised of the status of the pending investigation and furnished copies of all letterhead memoranda and affidavits submitted by San Francisco and Sacramento. Gardner stated that said letterhead memoranda should be furnished to the California authorities in order to assist in their prosecution of Ducote. ~~u~~

By letter dated January 8, 1976, directed to SAC Charles W. Bates, the Attorney General, State of California, and the Chief Assistant District Attorney, Santa Clara County, made written requests for certain original FD-302s and memoranda regarding Ducote, said request in addition to the letterhead memoranda provided, in order to assist in this prosecution of stolen property and grand theft. The State Attorney General was most appreciative of being provided with copies of the comprehensive letterhead memoranda but indicated that certain original documents were necessary. ~~u~~

In addition to the above, Chief Assistant District Attorney William P. Hoffman, Santa Clara County, requested information as to whether the FBI has in its possession a copy of a mailing list of the San Jose Peace Center. The SAC, San Francisco, recommended that in view of fact that the list was provided by [redacted] prior to the date of the reported burglaries, and has no direct bearing re the prosecution of Ducote, that the District Attorney be advised that "This office did not receive a copy of a mailing list of the San Jose Peace Center from either Joseph Jerome Ducote or his associates." The Intelligence Division (INTD) and Legal Counsel Division (LCD) concurred with this reply and SAC Bates was advised accordingly. ~~C~~

(U) The CRD, USDJ, and the U. S. Attorney, San Francisco, have been provided copies of all affidavits and memoranda and pertinent information regarding this matter. ~~u~~

ACTION: The opinion of the USDJ will be obtained re release of the original FD-302s and other memoranda regarding Ducote and his associates as requested by California authorities. The LCD and INTD concur with this action. ~~u~~

On November 24, 1975, John M. Lilly, Special Agent, Bureau of Investigation, Department of Justice, State of California, contacted Special Agent [redacted] at the San Jose Resident Agency and said he would like to discuss one Jerry Ducote. Lilly was advised that our FBI (Federal Bureau of Investigation) files are maintained in San Francisco and suggested that he contact the San Francisco Field Office. Lilly replied that he and Bob J. McCollum, Investigator, Santa Clara County District Attorney's Office, "had gotten themselves into a jam" with Ducote and were seeking assistance. An appointment was arranged for December 1, 1975 at 2 p.m. at the San Jose Resident Agency.

Lilly and McCollum appeared at the San Jose FBI Resident Agency on December 1, 1975, and the interview was initiated by McCollum advising Special Agent (SA) [redacted] of his "rights". They explained that Jerry Ducote had burglarized the San Jose Peace Center, Attorney John Thorne's law office, and Grace McDonald's residence and office (publisher-editor of "California Farm Reporter") in 1967. According to Lilly, Ducote claims he burglarized these addresses at the direction of the FBI, and specifically SA [redacted] and gave copies of the materials stolen to both the FBI and Western Research in Oakland, California. Lilly pointed out that Ducote will be prosecuted for possession of the stolen documents and states Ducote's defense will be that he acted at the direction of the FBI.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The files of the San Francisco Office of the FBI indicate that Ducote appeared at the San Jose Resident Agency in 1968, at which time he was interviewed by SAs William N. Kidwell, Jr., and [REDACTED]. Ducote indicated that he was working for the Diocese of the Roman Catholic Church of Northern California, located at San Francisco. He said that Archbishop McGucken was concerned about the communist influence in the Farm Workers Union and felt that some of the young priests were being influenced by communists. Ducote requested assistance from the FBI in his investigation. It was pointed out to Ducote at that time that the FBI could not assist him.

On February 19, 1970, Ducote was interviewed at the San Jose Resident Agency by SAs [REDACTED] and [REDACTED]. [REDACTED] Ducote was advised that an investigation was being conducted concerning allegations that he was indicating that he was a member of the ~~House Committee on Un-American Activities (HCUA)~~. *USA*

Ducote stated that for a number of years he had been working closely with the leadership of the Catholic

Ducote said that he and his colleagues have provided all subversive information obtained to the California House Committee on Un-American Activities and that he had met with members of that committee on numerous occasions. He stated that he and his colleagues have made all information available to ~~Western Research~~, a private organization in the Bay Area that maintains an index of public source information concerning subversives and subversive activities.

Ducote stated that he went to Washington two months before the interview and met with Congressman Charles Gubser, Chief Consul for the HCUA, Chief Investigator for HCUA, a representative of the Central Intelligence Agency, and he said he believed that a Bureau representative was present.

Ducote told the Agents that he had told several people that he had consulted with the HCUA and that this statement might have been passed on with the impression that he was actually an employee of the HCUA. Ducote denied having impersonated personnel of the HCUA and said he was sorry if he left that impression with anyone.

The facts of this matter were discussed with the United States Attorney's Office and prosecution was declined.

On December 12, 1974, [ ] visited the Palo Alto Resident Agency of the FBI, where she made a complaint against Jerome Joseph Ducote. consultant to the HCUA, and he further identified himself as the former Sheriff of the Santa Clara County. During the time [redacted] worked with Ducote in attempting to set up schools for farm labor children, Ducote said he was working on this project with James L. Browning, United States Attorney for the Northern District of California. According to Ducote, Browning was going to assist him in obtaining Federal money for the school.

b7C

The facts in this matter were discussed with Assistant United States Attorney Jerry K. Cimmet on February 18, 1975, at which time Mr. Cimmet declined prosecution.

Ducote, using the alias Fred Schwartz, held a pre-arranged meeting with Jerry Cohen, Chief Council, United Farm Workers, Keene, California, on March 25, 1974 at Bakersfield, California. Schwartz claimed to have documents taken in robberies and burglaries which were carried out at the direction of two California growers which would be of interest to the United Farm Workers, and which Schwartz offered to sell Cohen for \$35,000.

Another meeting between Cohen and Schwartz took place at Bakersfield on March 31, 1974, and this meeting resulted in the identification of Schwartz as Jerry Joseph Ducote, born June 28, 1929 at Gulfport, Mississippi, and at that time a resident of 1528 Hanchette, San Jose, California. During the meeting of March 31, 1974, Ducote lowered his price to \$25,000 and named three California growers allegedly involved in this matter. Ducote exhibited to Cohen a list of burglaries conducted by him, and he said the burglaries were committed at the direction of, one, a large grape grower in Delano, California, and the other a [redacted] first name not given.

On April 1, 1974, Ducote telephoned Cohen and asked for \$600 to \$1000 immediate cash, which he said he needed for bail.

arranged for an interview of one of his close friends, Jerry  
Boyes, who he said had important information to furnish.

JERRY CLARK BOYES

In May, 1971, Boyes made a complaint to the Referee in Bankruptcy, San Jose, California concerning alleged improprieties in connection with bankruptcy proceedings concerning several companies he had an interest in. Boyes was interviewed on two occasions and was unable to furnish any specific information with respect to this matter. His attorney was interviewed, and the attorney said he was unaware of any basis for the allegations made by Boyes.

At 5:30 a.m., July 3, 1960, Jerry Boyes telephonically contacted the San Francisco FBI Office and said he was reluctant to state what he wanted to discuss but that he must talk to an Agent personally at once. After a short discussion he indicated he was host to a foreign visitor whom he thinks is a representative of the Secretary of the Interior to Iran. The affair was set up by the Recreation Department for the City of San Jose. Boyes said that after dinner his wife and the guest began drinking very heavily and became involved in a manner that he did not approve of. He said that he got into a fistfight with the guest and broke his fist during the fight.

Boyes appeared at the Los Angeles FBI Office on September 11, 1973 and indicated that his ex-wife is married to a man who is a close associate of Angelo Marino, a reported Mafia member in the San Jose, California area.

On March 29, 1971, Boyes appeared at the San Francisco FBI Office and advised that he was being squeezed out by local politicians which amounted to thousands of dollars. Boyes at this time said he was in the business of factory producing homes under the name of Unlimited Shelters Amalgamated of Santa Clara, California. He claimed he is a close associate of "communist hunter" Ken Wilhelm and [redacted] of San Jose. He claimed his attorney was "selling him out". He named a great number of people in Santa Clara County, leading politicians of the state, including then Governor Reagan, the head of the State Highway Commission, Wayne Valle - [redacted]

b7C

JOSEPH JEROME DUCOTE

[redacted] Angelo Marino, Paul - Sasko Construction Company, [redacted] San Jose, Senator Alan Cranston, and others involved in a giant conspiracy with the "syndicate" and through them money is being shifted into and out of California for the purposes of making San Francisco the world's largest syndicate controlled port. Boyes believed that he knows so much about all of these people that the FBI should be able to see the overall picture and should therefore rescue him from his predicament, which was bankruptcy.

b7C

On January 11, 1974, [redacted] Avenue, San Jose, telephonically contacted SA [redacted] and arranged to meet him where an individual with very important information for the Bureau would be available.

Upon arrival at the appointed place, [redacted] was not present; but an individual who identified himself as Jerry Boyes, furnished the following information:

Boyes said that he had been married three times, and his second wife, [redacted] was now in the process of suing him for child support, fraud, and various other charges. Boyes explained that he is employed on a part-time basis as a dance instructor for the San Jose Recreation Department and that he presently resides at 15902 Longwood Drive, Los Gatos, California.

Boyes pointed out by way of background that he patented the idea, and later sold through Sears company, the "add-a-room". He said this venture failed, and he later was involved in the production of modular homes at Santa Clara, California. Boyes said that he was eased out of the company into bankruptcy by the U.S. Financial Corporation, which he claims is headed up by [redacted]  
[redacted]

Boyes said that his grandfather subdivided the City of Whittier, California, therefore he has been "close" to the Nixon family for years. Boyes claimed to be on a first name basis with Haldeman and Erlichman, former advisors to former President Nixon.

JOSEPH JEROME DUCOTE

Boyes said that he has been close to Ken Wilhelm, Republican leader in Santa Clara County, until recently was Secretary of the Farm Bureau in Santa Clara County. Boyes feels now that information furnished by him to Wilhelm was in turn given to the Mafia and the Communist Party.

At this point in the conversation [ ] appeared and said that the story Boyes had to tell might sound "far out" but he had checked it and feels that Boyes is "onto something".

b7C

Boyes said that he visited his daughter in Paris, California in October, 1973, at which time the daughter told him that Boyes' first wife was involved in picking up packages at National City, California at an unnamed motel and delivering them to [ ] in care of [ ] Albany, Oregon. He said he did not know whether the packages contained narcotics, money being brought into the country by [ ] or possibly photographs to be used in a mail scheme.

Boyes claimed that one [ ] Private Investigator, told him several years ago that he was working "with the FBI". He described [ ] as a close friend of former Santa Clara County Judge Maurice Hardeman, who was convicted of arson, removed from the bench, and disbarred. According to Boyes, [ ] through the efforts and cooperation of Judge Hardeman when he was presiding in a Santa Clara County Courtroom.

Boyes claims that he was in Los Angeles during October or November, 1973, at which time he made an appointment to tell his story to Jack Cox, Administrative Assistant to Congressman Barry Goldwater, Jr. He said that Cox did not keep the appointment, and he went to the U.S. Secret Service in Los Angeles, whereupon he entered an interview room with a Secret Service Agent and observed a photograph of the West Coast Mafia Family on the wall of the interview room. Boyes said the interviewing Agent was identical to one of the individuals in the photograph.

Boyes further indicated that he assisted in the settlement of an Army contract at Sharpe Army Depot, Stockton,

JOSEPH JEROME DUCOTE

California, and as a result received \$5,000. He said that he gave \$2800 of that money to Ken Wilhelm, who said he was donating that to Congressman Charles Gubser. Boyes said that when a list of Gubser's contributors was published, Boyes' name did not appear.

On January 14, 1974, [redacted] telephonically contacted the San Jose Resident Agency and said that Jerry Boyes had additional information which the FBI should have immediately. At 4 p.m., January 14, 1974, Boyes appeared at the San Jose Resident Agency and exhibited an envelope containing an offer from "Kiplinger Newsletter", Washington, D.C., offering a trial subscription. Boyes pointed out that he wrote a letter to Congressman Barry Goldwater, Jr., and this Kiplinger letter was a signal to Boyes that the communists had determined that he was corresponding with Congressman Goldwater. b7C

The files of the San Francisco Office indicate that R. These men advised they wished to report information concerning the farm situation in Santa Clara County, which to them indicates possible subversive activities. They named several individuals in the San Jose area they felt were key figures in subversive activities.

The following investigation was conducted at San Jose, California:

On December 29, 1975, WILLIAM HOFFMAN, Assistant District Attorney, Santa Clara County, 234 E. Gish Road, advised that he did not have any direct knowledge that JEROME DUCOTE had provided documents to any Agents of the Federal Bureau of Investigation. HOFFMAN advised that he first became aware of DUCOTE's activities with respect to several burglaries in Delano, California, and his possession of stolen documents, approximately two months ago. HOFFMAN advised that the statute had run out on the burglaries and he was proceeding against DUCOTE for the possession of stolen documents. HOFFMAN advised that the persons most familiar with this matter and would know if DUCOTE ever made any statements that he had turned over documents to the FBI were JOHN LILLY of the California State Attorney General's Office in San Francisco, California, and BOB McCOLLUM of the Santa Clara County District Attorney's Office.

On December 29, 1975, BOB McCOLLUM, Investigator, Santa Clara County District Attorney's Office, 234 E. Gish Road, advised that DUCOTE never told him directly that DUCOTE had turned over documents to the FBI. McCOLLUM advised that as he recalled the documents were given to Western Research in Oakland, California. McCOLLUM advised that WALTER KUBIAS, California State Department of Organized Crime and Criminal Intelligence Bureau, had originally talked to DUCOTE and had obtained a signed statement from DUCOTE pertaining to the burglaries that DUCOTE has been alleged to have been involved in and also as to the distribution of the documents taken in the burglaries.

JOSEPH JEROME DUCOTE:

b7C

On December 24, 1975, Jerome Joseph Ducote, Inmate, Santa Clara County Jail, North County Facilities, Palo Alto, California, was interviewed by agents of the Federal Bureau of Investigation. Ducote was advised of the purpose of the interview, that being Ducote's supposedly having worked for the Federal Bureau of Investigation and turning over documents to the Federal Bureau of Investigation, these documents being taken from numerous burglaries alleged to have been committed by Ducote in Delano, California. Ducote was advised of his rights by means of a Warning and Waiver of Rights form, which Ducote read, stated that he understood, but before signing he wanted to telephonically contact his attorney, Thomas Salciccia and obtain his okay before doing so. Ducote telephonically contacted his attorney and on the advice of his attorney, signed the Warning and Waiver of Rights form.

Ducote advised that he has never worked for the Federal Bureau of Investigation in any capacity. He advised that he did not turn over any documents to agents of the Federal Bureau of Investigation, nor did he ever meet any agents of the Federal Bureau of Investigation who were acting undercover in any capacity.

Ducote advised that on February 14, 1975, he met with Walter Kubias, California State Department, Organized Crime and Criminal Intelligence Bureau, and provided Kubias with approximately a ninety-five page statement pertaining to his (Ducote's) involvement in the burglaries of the United Farm Worker's Union in Delano, California. Ducote advised that at that time, Kubias made him a promise of no prosecution if he was to tell everything he knew. Ducote advised that the Attorney General's Office in the State of California apparently sat on this matter until October 15, 1975, when it was again brought to light. He advised that apparently John Lilly of the California State Attorney General's Office took over the investigation from Kubias.

JOSEPH JEROME DUCOTE;

b7C

Ducote advised that during his discussions with Kubias he at no time ever mentioned or stated that he was employed by the Federal Bureau of Investigation, nor did he ever state that he had given documents to agents of the Federal Bureau of Investigation. He further advised that no names of FBI agents were ever mentioned in his discussions with Kubias.

Ducote advised that Western Research, which is located in Oakland, California, had sent an agent down to review papers that he (Ducote) had in his possession. Ducote said that he thought this individual was from Army Intelligence based on the way the person was dressed and his general appearance. Ducote advised that he had what he believed were two meetings with the Central Intelligence Agency (CIA), the first being in Washington, D. C., and the second in San Jose, California. He advised that he never directly contacted the CIA for these meetings, but that the contact was made by the Farmer's Union. Ducote did not comment further on this matter inasmuch as he was concerned that it might jeopardize his current position. Ducote advised that he also thought that at one time he had met with an Air Force intelligence officer with respect to the matter.

In addition, the following description was obtained through observation and interview:

#### MINUTEMEN

The Minutemen organization was organized in 1960, reportedly to resist the spread of communism in the United States by use of guerrilla tactics. Robert B. DePugh, national coordinator of the Minutemen, was sentenced in October, 1970, for violations of the Federal Firearms Act. At the time of his arrest DePugh was in possession of documents concerned with guerrilla warfare and other paraphernalia, including hand grenades, gun silencers, and a machine gun. DePugh was released on parole during April, 1973, and in June, 1973, indicated he planned to revitalize the Minutemen into a "two-armed organization." Arm number one was to be utilized as a political front organization to sway elections and control local and state political structures. Arm number two was to be an underground guerrilla organization made up of "strike teams." These "strike teams" are to be under direct control of DePugh and their existence is to be unknown to everyone, including Minutemen State Coordinators.

Re: Jerome Ducote - Burglary and Receiving Stolen Property

Dear Mr. Bates:

I have reviewed the material relating to the above matter left with this office during your visit on Monday, January 5, 1976, and find that it does not contain the material requested in the letter from Eric Collins to James Browning dated December 31, 1975, nor the material requested in my letter to you of January 2, 1976.

Since you have assured this office on a number of occasions that we could "have anything the Bureau has" relating to this case, I would appreciate receipt of the material requested as soon as possible.

As you know, the expurgated versions of the actual statements requested which you left with our office, and I presume with the Attorney General, are not the actual statements requested.

I am particularly interested in receiving at the earliest possible time a copy of the actual statement made by [redacted] to FBI Agent [redacted] requested in Eric Collins' letter of December 31, 1975, to James Browning. This individual may be prosecutable for burglaries committed in this county, depending upon the evidence contained in this statement in the possession of the FBI, and depending upon the circumstances under which the statement was taken. As you know, we have a criminal case in progress against Jerome Ducote relating to the same burglaries. Further delay in producing this statement will result in the cost of a needless separate trial if [redacted] is ultimately charged with these offenses.

During your visit to this office last Monday, you also asked if we would like a copy of the statement which your office obtained from defendant Jerome Ducote with the consent of his attorney, Thomas Salciccia, on December 24, 1975, in San Jose after we had

filed criminal charges against Mr. Ducote. This statement could well prove valuable to us in prosecuting this case. As you know, it is highly unusual for an attorney to give permission for his client to give a statement to a law enforcement agency concerning the offenses for which he is charged while a criminal case is pending against him. We would like to have a copy of this statement as soon as possible.

Finally, I notice in the material furnished this office that Agents William Kidwell and [redacted] obtained statements from Jerome Ducote concerning Ducote's "Communist hunting" in 1968 and 1970. We would also like copies of these statements by Mr. Ducote.

I also note in your letter of January 5, 1976, to Attorney General Evelle Younger, you stated that "following a thorough search of our files for material like or similar to the representative sample of the documents obtained in the break-ins, we categorically deny receipt of or possession of this material at any time." I have excellent information that the FBI has in its possession a copy of the mailing list of the San Jose Peace Center. I would appreciate knowing when and from whom and under what circumstances this list was obtained.

Incidentally, I understand from talking to John M. Lilly, Special Agent, Bureau of Investigation, Department of Justice, State of California, that his purported statement to Special Agent [redacted] that he and Bob J. McCollum, Investigator, Santa Clara County District Attorney's Office, "had got themselves in a jam" with Ducote and were seeking assistance is a fabrication. Mr. Lilly tells me that the import of this conversation between himself and [redacted] was that [redacted] not Mr. Lilly and Mr. McCollum, had a problem. He says he never said anything about anybody getting into a jam with respect to either himself, Mr. McCollum or [redacted]. I understand Mr. Lilly has written a detailed report on this to his superiors.

I would appreciate your expediting the delivery of the requested material so that we may receive it as soon as possible.

Sincerely,

JEROME JOSEPH DUCOTE,  
Also Known As  
Jerry Ducote,  
Fred Schwartz;

b7C

On March 27, 1974, the Civil Rights Division of the U. S. Department of Justice was telephonically contacted by Jerry Cohen, counsel for the United Farm Workers Union (UFWU) in California. Cohen related that he had been contacted by a person who provided the name Fred Schwartz who purported to have information that three people had, at numerous times over the past several years, broken into various UFWU offices in California as well as offices of other organizations. Cohen received the impression that Schwartz was an attorney representing one of the persons responsible for the break-ins. Schwartz wanted \$35,000 for evidence he would provide linking numerous California growers to these break-ins. Cohen told the Justice Department that he had met with Schwartz on March 25, 1974, in Bakersfield, California, and Schwartz provided Cohen with brief glimpses of materials reportedly seized. Schwartz also provided a list of such places, including a UFWU office in Delano called the Filipino Hall, which Cohen stated was, in fact, an object of an armed robbery in 1973. Cohen stated that materials taken at that time were financial records of the union and records relating to activities covered by the Norris-La Guardia Labor Act. Schwartz further related that there were checks in existence that would establish a financial link between the alleged thieves and the growers. Schwartz was extremely anxious to raise the \$35,000 as his "client" was supposed to be charged that week with fraud by unknown prosecuting authorities.

The Civil Rights Division requested that Jerry Cohen be interviewed for full details of his contacts with Fred Schwartz and that Schwartz be identified.

The resulting investigation conducted by the Federal Bureau of Investigation (FBI) in connection with the above request is as follows:

Jerry Cohen, Chief Counsel, UFWU, Keene, California, was contacted on March 28, 1974, and advised as follows:

On March 21, 1974, he received a telephone call from a male individual who said, "You will know me as Fred Schwartz," and indicated he was from San Francisco, California. Schwartz said he had some valuable information to sell concerning break-ins of UFWU offices, churches and the Student Non-Violent Coordinating Committee, in addition to certain individual residences.

On March 25, 1974, a prearranged meeting was held with Schwartz at the Hilton Inn bar in Bakersfield by Cohen and Dan Lavery, an American Civil Liberties Union attorney from Bakersfield and friend of Cohen. At this meeting, Schwartz had, in his possession, a file or folder approximately one inch thick which he said contained stolen UFWU or union related documents. Schwartz said these documents and papers were a sample of others that were accessible to him which were taken in various "robberies" or "from inside" UFWU by an informant, all at the direction of two California growers. Schwartz advised he represented a man who was to be indicted on March 29, 1974, for fraud and that he owes this man a favor. At times, Schwartz referred to the man as his client, the thief, and at other times, he mentioned his

clients, indicating more than one person.

Schwartz exhibited to him a handwritten list of targets of past "robberies", and he recalled the following names from this list:

John Thorne - (Thorne is a San Jose Attorney who did some voluntary work for UFWU in 1965 and 1966.)

William Stanton - (A San Jose Attorney and friend of UFWU who has run for some state or county office in the past.)

Fred Hirsch - (A plumber by trade who was associated with UFWU up to the late sixties.) According to Schwartz, the Hirsch residence in San Jose was burglarized in the 1960s.

The Student Non-Violent Coordinating Committee, San Francisco, California.

The Filipino Hall, Delano, California, (This hall was the victim of an armed robbery during about 1968, at which time some UFWU documents were stolen.)

Sol Aulinsky Group of Chicago, Illinois, (Aulinsky participated in various UFWU activities in the middle to late 1960s.)

A Catholic Church Office, city or state not recalled.

After he examined the above list, Schwartz then handed him two small date calendar books which contained

the name Sol Aulinsky. He attempted to review these books but they were retrieved by Schwartz before he could examine them for authenticity.

b7C

[REDACTED] Schwartz allowed him to examine a letter from [REDACTED] to UFWU Director Caesar Estrada Chavez dated in either 1965 or 1966. [REDACTED] was associated with the Community Services Organization and UFWU during the 1960s, and he recalls that during about 1965 a UFWU building called the "Pink Building" was burglarized in Delano and some Community Services Organization files were stolen. Schwartz also allowed him to examine a few other unrecalled documents which appeared to contain innocuous information.

Schwartz said the documents he had were stolen in various "robberies" which were committed at the direction of two California farmers, one a large grape grower in Delano and the other a [REDACTED]

Schwartz said he was asking \$35,000 from UFWU for all of the documents and information available to him. He said \$25,000 was needed to get his client out of trouble and that the extra \$10,000 would be split between unidentified persons. Cohen said he told Schwartz at that time that he had no intention of buying stolen UFWU property.

In addition, Cohen recalled that Schwartz said that John Harmer, a California Assemblyman from the Los Angeles area, was aware of the material in his, Schwartz', possession and was using this information for political gain. Schwartz also mentioned the California Council of Growers but did not specify whether or not this organization was in any way involved in the matter. Schwartz also claimed to Cohen that he had approached an unnamed Delano

grower with a proposition to sell information but was rejected. Schwartz indicated he planned to next contact George Baker, a reporter for the Fresno Bee newspaper in an attempt to peddle his information. Schwartz said he could contact Cohen telephonically on or about March 29, 1974, to arrange for a meeting between Cohen and his client, stating, "This is the last time that you'll see me."

Cohen further advised on March 28, 1974, that he had been in contact with George Baker in Fresno by telephone during March 26, 1974, and March 27, 1974, and Baker acknowledged he had a conversation with Schwartz. Cohen said that several hours after the March 28, 1974, contact with Schwartz, Baker telephonically advised him that he had met Schwartz in Burlingame, California, and that Schwartz had told him that payoffs had been made in 1973 by Delano grape grower [REDACTED] and grower [REDACTED] in the amounts of \$2,000 each. Cohen said he advised Baker to call the FBI in Bakersfield with this information, but Baker stated that at the present time he intended to travel to San Jose to personally investigate the matter.

On March 30, 1974, Cohen advised that he had received a telephone call from Schwartz requesting a meet at the Ramada Inn Coffee Shop at Bakersfield on the afternoon of March 31, 1974.

On March 31, 1974, a physical surveillance was conducted in the coffee shop of the Ramada Inn and its immediate vicinity, 2620 Pierce Road, Bakersfield. It was noted that at 3:34 p.m. on that date, a white male, age 45 to 50, 6 feet 1 inch to 2 inches, 215 to 220 pounds, gray hair, wearing a black sweater vest, polka dot shirt and carrying a dark colored briefcase, entered the coffee shop and met with Cohen. They talked until 4:12 p.m., at which time Cohen left. At 4:16 p.m., March 31, 1974, the

unknown man who was previously with Cohen left the coffee shop for the motel exit and walked to a 1974 brown Buick, California license 816 JZH. This man proceeded to drive directly to the Hilton Inn, 3535 Rosedale Highway, Bakersfield. This unknown man was photographed by a Special Agent of the FBI from a concealed position approximately 100 feet from the coffee shop door. The individual referred to above who met with Cohen was later determined to be Jerome Joseph Ducote.

During the above surveillance, no conversations were overheard nor could the contents of any notes or documents be determined.

After the above surveillance, and on March 31, 1974, Jerry Cohen gave his account of the meeting with Schwartz as follows:

Schwartz lowered the price of the documents to \$25,000, stating that the papers in question were taken in 16 separate break-ins of UFWU offices, other organizations and residences during 1966 through 1969, and possibly including 1970. Schwartz said these documents were in possession of the House Unamerican Activities Committee for two weeks at some time in the past and have been reviewed periodically by the Military Intelligence during 1966 through 1970, as well as other unknown agencies. Schwartz claimed the break-ins were hired by [redacted] and [redacted] all major California growers.

b7C

Schwartz stated that during October or November, 1973, he received a \$2,000 check from [redacted] and \$2,000 in cash from [redacted] for an unspecified reason, inferring that it could have been "hush money". The \$2,000 in cash was supposedly received by [redacted] from [redacted] a carrot grower in the Salinas Valley.

JEROME JOSEPH DUCOTE,  
Also Known As  
Jerry Ducote,  
Fred Schwartz:  
[redacted]

Schwartz told Cohen he was disenchanted with his former associates who were not identified. He mentioned that he had aspirations of writing a book concerning the matter. Schwartz claimed there were two persons who are being paid "hush money" by the growers, one in Mexico and one in Spain, and that periodically an Agent of the Army Intelligence or the Central Intelligence Agency (CIA) approaches [redacted] for additional money for these two individuals.

Cohen said that Schwartz would not allow him to closely examine any of the documents discussed and he told Schwartz that insofar as he was concerned UFWU would not pay for the documents. Schwartz asked him to confer with the UFWU Board concerning the matter, which was done, and on the same date, Schwartz telephoned him for a final decision. During that conversation, he told Schwartz that the UFWU Board decided not to pay any money in regard to this matter. He further told Schwartz that he had communicated with the Civil Rights Division of the U. S. Department of Justice, who advised him to tell Schwartz to contact the FBI in Bakersfield concerning the documents. Schwartz indicated that he would contact the FBI on April 1, 1974. b7C

Cohen concluded by stating that he had been in telephonic contact with [redacted] and [redacted] told him that no payments would be made to Schwartz by [redacted]

On April 1, 1974, Cohen advised that he had received a telephone call from Schwartz, who told him he needed immediate cash for bail between \$600 and \$1,000 and, in return, would be willing to sign a statement implicating certain California growers in 16 burglaries.

JEROME JOSEPH DUCOTE,  
Also Known As

He indicated that bond in connection with some unknown matter was between \$6,000 and \$10,000 and said, "We need bail bad." Schwartz said he had contacted an attorney "up north" who told him other matters should be resolved before contact with the FBI.

Schwartz appeared very desperate during the conversation. Cohen recalls Schwartz mentioning that one of the persons involved in the burglaries had nine children.

After the above contact with Cohen and still on April 1, 1974, an individual who identified himself as Fred Schwartz telephonically contacted the Bakersfield Office of the FBI and stated he had been in contact with Jerry Cohen. Schwartz said that Cohen told him he had talked to Senator Kennedy's Office, who would make arrangements for him, Schwartz, to furnish information to the FBI. He declined to discuss the matter on the telephone and made an appointment to appear in the FBI Office at Bakersfield at 9:30 a.m., April 4, 1974.

On April 2, 1974, Ducote was contacted by FBI Agents at Room 240 of the Hilton Inn in Bakersfield and advised as follows:

He admitted he has been in contact with Jerry Cohen of the UFWU and George Baker of the Fresno Bee during the past two weeks using the name Fred Schwartz. He also admitted he is the same individual who contacted Special Agent Conrad N. Shaw by telephone on the afternoon of April 1, 1974, using the name Fred Schwartz, and made an appointment with Special Agent Shaw for 9:30 a.m., April 4, 1974. He intended to delay talking to the FBI until April 4, 1974, in order to confer with his attorney, Hal Chapman, of San Jose, California, telephone 408-294-2270. He intends to leave Bakersfield on April 2, 1974, to discuss his situation with Chapman and return on the

evening of April 3, 1974.

He apologetically declined to furnish any details concerning his situation but did furnish the following information concerning the reasons for his recent actions under the name Schwartz:

During the past four years he has been self-employed in the public relations business. During this same period, he and others were engaged in gathering intelligence for certain California growers, mainly concerning UFWU and its Director, Caesar Chavez. He is now "boxed in" because of his past activities with the growers. He is in debt in the amount of \$20,000 in connection with a past loan and pressure is being exerted for repayment. He had been advised by his attorney to declare bankruptcy, since the matter appeared to be of a civil nature; however, at present the local District Attorney's Office at San Jose is contemplating criminal fraud charges. He described another man involved with him as having nine children. He would not elaborate on the above information.

He was formerly employed by the Saint Dismas Publishing Company, San Jose, which company is no longer in business. Prior to that time, and during the period 1954 through 1963, he was a deputy sheriff for the Santa Clara, California, County Sheriff's Office.

Ducote furnished the following background information concerning himself:

On April 3, 1974, Ducote telephonically contacted the FBI at Bakersfield, stating that he was calling from San Jose, California, to advise that he would not be able to confer with his attorney until April 6, 1974, and would, thereafter, make an appointment to be interviewed by the FBI at Bakersfield, stating he did not desire to be contacted at San Jose.

Fresno, California, telephonically contacted the FBI at Bakersfield on April 3, 1974, and stated that he had made personal contact with Fred Schwartz at Burlingame on March 28, 1974, at which time Schwartz attempted to sell him information concerning 16 burglaries. Schwartz allowed him to make a list of the burglaries and examine some documents. He said Schwartz' information was limited and [REDACTED] does not intend to purchase any information or documents. [REDACTED] indicated that he had determined Schwartz' possible true identity through a car registration.

b7C

Ducote telephonically advised the FBI at Bakersfield on April 8, 1974, that he and his attorney were scheduled to confer with Santa Clara County, California, Assistant District Attorney Dennis Lempert and his attorney had advised to delay a meeting with the FBI until talks with Lempert are concluded.

On April 10, 1974, Lempert advised that he had a meeting scheduled with Ducote on April 11, 1974, at San Jose. He said he had filed numerous grand theft charges against Ducote in the past and described Ducote as a "con man". Lempert advised that he is acquainted with Hal Chapman, Ducote's alleged attorney, and that Chapman told him that he was not receiving any money to represent Ducote.

Ducote telephonically contacted the FBI at Bakersfield on April 18, 1974, to advise that he was then ready to furnish information to the FBI. He said his attorney, Hal Chapman, of San Jose, requested that he, Ducote, be interviewed at San Jose. He requested that Chapman be contacted for an interview date. On April 19, 1974, Chapman was contacted at 111 West St. John Street, San Jose, at which time Ducote was present.

JEROME JOSEPH DUCOTE,  
Also Known As

[REDACTED]

Chapman advised that Ducote had information pertaining to the UFWU and had obtained this information as a result of working for some people (people not identified). Chapman said Ducote became involved and these people backed out, stating that this information is "bigger than Watergate". Chapman, at that time, desired to have Ducote granted immunity from Federal prosecution before divulging the information. Chapman said that this information involves politicians and others not identified, and he believes that Ducote's life may possibly be in danger. Chapman said he also desired immunity for Ducote from local prosecution. b7C

This information was furnished to the U. S. Department of Justice, who advised that Chapman should be referred directly to the Civil Rights Division of that department concerning the above request for immunity.

On April 22, 1974, George Baker, reporter for the Fresno Bee, telephonically advised the FBI at Bakersfield that he had determined that Fred Schwartz' true name is Jerry Ducote, a resident of San Jose. He said he had verified that [REDACTED] of [REDACTED]

This corporation ceased operations, according to Baker, on February 1, 1973, for non-payment of taxes. Baker said the Saint Dismas Publishing Company only printed one book, which publication concerned the life of Sol Aulinsky of Chicago, Illinois.

On April 25, 1974, Dennis Lempert was advised of Chapman's concern for Ducote, and he stated that he would be alert for anything that might threaten Ducote's life.

Since possible violations of California statutes were involved in this matter, the Criminal Division of the Kern County Sheriff's Office, Bakersfield, California, as well as the Delano Police Department, were advised of the allegations and information developed concerning this matter.

None of the alleged stolen documents referred to above were ever received by the Sacramento Division of the FBI, which division covers Bakersfield, California, and Ducote was never a "source" or "informant" of the Sacramento Division.

b7C

[redacted] has never furnished the Sacramento Division of the FBI any type of information or documents.

I, [redacted] being duly sworn, do hereby swear the following to be a true and correct statement.

On April 2, 1974, an occasion arose for Special Agents of the Federal Bureau of Investigation, CONRAD N. SHAW and [redacted] to make contact with an individual at the Hilton Inn, Bakersfield, California. b7C

The reason for the contact was the investigation into allegations by JERRY COHEN, attorney for the United Farm Workers, that an individual who had identified himself to COHEN as FRED SCHWARTZ, was attempting to sell to the United Farm Workers, records of that organization, which were stolen in burglaries of United Farm Workers Offices.

This individual was contacted at the Hilton Inn, and subsequently identified himself to the Special Agents as JOSEPH JEROME DUCOTE, AND ALSO ADMITTED using the name FRED SCHWARTZ in his contacts with Mr. COHEN.

DUCOTE furnished back ground information regarding himself, however would only discuss in very general terms, the purpose of his contact with Mr. COHEN, stating that he desired to consult with his attorney prior to furnishing any details. Mr. DUCOTE, although apprised of the reasons for the F. B. I. investigation into his activities, never displayed or offered to furnish to the Agents any type of documents or copies of documents pertaining to stolen United Farm Worker records. No documents were obtained from DUCOTE at this meeting.

This is the first and only contact of SPECIAL AGENT [redacted] with JOSEPH JEROME DUCOTE. [redacted]

I, Conrad N. Shaw, Special Agent, Federal Bureau of Investigation, being duly sworn, make the following statement:

During March, 1974, I was requested by FBI superiors to conduct an investigation to identify one Fred Schwartz who had been in contact with Jerry Cohen, an attorney for the United Farm Workers Union in California. This investigation was to entail surveillance coverage, including photography, of any future meetings between Schwartz and Cohen.

On March 31, 1974, I, along with other Special Agents of the Federal Bureau of Investigation, conducted a physical surveillance at Bakersfield, California, of a meeting between Cohen and a man purported to be Fred Schwartz. During this meeting I took photographs of Schwartz from a concealed position.

ENCLOSURE

The following day I received a telephone call from a man who identified himself as Fred Schwartz. This man stated he had been in contact with Cohen, who told him Senator Kennedy's Office would make arrangements for him, Schwartz, to furnish information to the FBI. Schwartz declined to discuss the matter on the telephone, stating he would come to the FBI Office in Bakersfield on April 4, 1974.

It had been determined that Schwartz was apparently Jerome Joseph Ducote and that Ducote was then staying at the Hilton Inn at Bakersfield.

On April 2, 1974, Ducote was contacted at the Hilton Inn, Bakersfield, by myself and Special Agent [redacted] [redacted] of the FBI, at which time Ducote admitted his true name as Jerome Joseph Ducote, that he had been in contact with Cohen using the name Fred Schwartz, and furnished some background information. Ducote also admitted the telephone contact with me on April 1, 1974, using the name Schwartz. Ducote said that during the past four years he and others had been engaged in gathering intelligence for certain California growers, mainly concerning information regarding the United Farm Workers and its Director Cesar Chavez. Ducote declined to furnish details concerning the

matter, stating that he desired an opportunity to talk to his attorney at San Jose, California. At that time, Ducote said he would leave Bakersfield on April 2, 1974, discuss the situation with his attorney, and return to Bakersfield to talk with me on April 3, 1974. On April 3, 1974, Ducote telephonically advised me that he would be unable to consult with his attorney until April 6, 1974. On April 8, 1974, Ducote telephonically advised me that he was scheduled to confer with an official of the Santa Clara, California District Attorney's Office and that his attorney had advised him to delay talking to the FBI until after that meeting.

On April 18, 1974, Ducote telephonically advised me that he was ready to furnish information to the FBI and requested that his attorney, Hal Chapman, be contacted at San Jose to arrange an interview in that city. This information was furnished to FBI Offices in Washington, D. C., and San Francisco, California, on April 18, 1974.

At no time did I receive any documents of any type from Ducote either in person or through any other means. Neither did Ducote furnish me with any pertinent information concerning his alleged intelligence gathering activities.

The personal contact with Ducote on April 2,  
1974, was the first and last such personal contact I have  
had with this individual.

By nitel dated 1/26/76, Bureau advised San Francisco that, following review by FBIHQ and Departmental Attorney William L. Gardner, they were authorized to make available to the California Attorney General and the Santa Clara District Attorney pertinent FD 302s and memoranda concerning subject Ducote. Ducote is incarcerated at the Santa Clara County Jail on local charges of grand theft, possession and concealing/stolen property. These documents are necessary to assist state authorities in their prosecution of Ducote, and include interviews of Ducote conducted by San Francisco in 1970 for impersonation, at which time prosecution was declined. *3-1*

On 1/27/76, SAC Bates called Legal Counsel Division and spoke with Deputy Assistant Director Farrington. He raised the question as to whether they should furnish originals of the FD 302s, should administrative markings be deleted and whether or not he should convey to state authorities that these documents are merely being loaned to them. He was advised that since it is not known at this time whether or not state authorities will actually use these documents in connection with their prosecution of Ducote, they should be provided only copies of pertinent documents with administrative markings being deleted and that state authorities should be advised that upon the usefulness of these documents being terminated with them, they should be returned to our San Francisco Office. However, it was explained to Mr. Bates that in the event they attempted to introduce these documents into court, it might become necessary, at the Judge's insistence, that he be furnished either the originals or an affidavit pointing out that the copies furnished the court were true copies of those documents in our files, in which case they would have to either furnish the court the documents containing administrative markings or explain the deletions to the Judge. SAC Bates subsequently called back and advised that this

Memo to Mr. Adams

Re: JOSEPH JEROME DUCOTE, AKA, etc.

procedure was completely acceptable to the state authorities. During this latter contact Mr. Bates advised that the state authorities were also interested in receiving pertinent 302s and memoranda resulting from a civil rights investigation conducted by our Sacramento Office in report dated 4/19/74, by SA Conrad N. Shaw, captioned, "JEROME JOSEPH DUCOTE; JERRY COHEN, United Farm Workers, Keene, California - Victim." Following review of these documents by FBIHQ and Departmental Attorney Gardner, they were forwarded to San Francisco.

Dear Mr. Bates:

Thank you for your letter of January 5, 1976, enclosing a copy of the report dated January 2, 1976. I am glad to learn that you are able categorically to deny the allegation that any of these break-ins were performed with either the knowledge or tacit approval of the Federal Bureau of Investigation. In addition, I am pleased to know that after a thorough search of F.B.I. files, no material like or similar to the representative sample of documents forwarded to you was found and you are able categorically to deny receipt or possession of such material at any time.

Please accept my thanks for the efforts made by yourself and your agents in this connection.

I write also to confirm our telephone conversation of January 6, 1976. Please accept this letter as a request for copies of the original documents or notes prepared on the interview on December 24, 1975 with Ducote, (and, of course, the subsequent telephone call from Ducote), and in addition the interview with [redacted] in January, 1975 presumably in Idaho. As I informed you, Agent John Lilly probably accompanied by District Attorney's Investigator Robert McCollum will be going to Coeur D'Alene, Idaho, to interview [redacted] and to establish the period of his residence in Idaho. It would materially assist that effort if a copy of the original document in whatsoever form it is extant, could be made available. I accept with thanks your offer to talk with the Bureau's agents in Butte, Montana, and Coeur D'Alene, Idaho, in order to obtain the original in whatever form it exists. Such a document would be critical in any proposed prosecution of [redacted]

JEROME JOSEPH DUCOTE, Inmate, Santa Clara County Jail, North County Facilities, Palo Alto, Calif., was advised as to the identities of the interviewing Agents. SA [ ] advised DUCOTE of the purpose of the interview, that being DUCOTE's supposedly having worked for the Federal Bureau of Investigation (FBI) and turning over documents to the FBI, these documents being taken from numerous burglaries alleged to have been committed by DUCOTE in Delano, California. SA [ ] advised DUCOTE of his rights by means of a Warning and Waiver of Rights form, which DUCOTE read, stated that he understood, but before signing he wanted to telephonically contact his attorney, THOMAS SALCICCIA and obtain his okay before doing so. DUCOTE telephonically contacted his attorney and on the advice of his attorney, signed the Warning and Waiver of Rights form.

DUCOTE advised that he has never worked for the FBI in any capacity. He advised that he did not turn over any documents to Agents of the FBI, nor did he ever meet any Agents of the FBI who were acting undercover in any capacity.

DUCOTE advised that on February 14, 1975, he met with WALTER KUBIAS, California State Department of Organized Crime and Criminal Intelligence Bureau, and provided KUBIAS with approximately a ninety-five page statement pertaining to the United Farm Worker's Union in Delano, California. DUCOTE advised that at that time, KUBIAS made him a promise of no prosecution if he was to tell everything he knew. DUCOTE advised that the Attorney General's Office in the State of California apparently sat on this matter until October 15, 1975, when it was again brought to light. He advised that apparently JOHN LILLY of the California State Attorney General's Office took over the investigation from KUBIAS.

DUCOTE advised that during his discussions with KUBIAS, he at no time ever mentioned or stated that he was employed by the Federal Bureau of Investigation, nor did he

ever state that he had given documents to Agents of the Federal Bureau of Investigation. He further advised that no names of FBI Agents were ever mentioned in his discussions with KUBIAS.

DUCOTE advised that Western Research, which is located in Oakland, California, had sent an Agent down to review papers that he (DUCOTE) had in his possession. DUCOTE said that he thought this individual was from Army Intelligence based on the way the person was dressed and his general appearance. DUCOTE advised that he had what he believed were two meetings with the Central Intelligence Agency (CIA), the first being in Washington, D.C., and the second in San Jose, California. He advised that he never directly contacted the CIA for these meetings, but that the contact was made by the Farmer's Union. DUCOTE did not comment further on this matter inasmuch as he was concerned that it might jeopardize his current position. DUCOTE advised that he also thought that at one time he had met with an Air Force intelligence officer with respect to the matter.

In addition, the following description was obtained through observation and interview:

## FEDERAL BUREAU OF INVESTIGATION

Date of transcription 1/6/76

JEROME JOSEPH DUCOTE, Inmate, Santa Clara County Jail, North County Facilities, Palo Alto, California, was advised as to the identities of the interviewing Agents. SA [ ] advised DUCOTE that the purpose of the interview was based upon his (DUCOTE) telephone call to the San Jose Resident Agency of the FBI requesting that he be able to talk to an Agent and clarify the newspaper article that appeared in the San Jose "Mercury" on January 2, 1976 in which an unknown source stated that documents were given to the FBI, these same documents being stolen from burglaries committed by DUCOTE. SA [ ] advised DUCOTE of his rights by means of a Warning and Waiver of Rights form, which DUCOTE read, stated that he understood and signed.

DUCOTE advised that he telephonically contacted the San Jose Resident Agency of the FBI and requested that an Agent interview him concerning a newspaper article that appeared in the San Jose "Mercury" on January 2, 1976. He advised that the reason that he wanted to be interviewed was that he wanted to state that he was not the unknown source that said documents had been turned over to the FBI. He stated that he believed that the individual responsible for this was JERRY BOISE (ph). He advised that BOISE was a dance instructor at the San Jose Recreation Department. He described BOISE further as being approximately age 46, with reddish graying hair. He said that he is normally in the Country Inn Restaurant at approximately 9:00 AM every morning. This Country Inn Restaurant is located in the Town and Country Shopping Plaza in San Jose, California. b7c

DUCOTE advised that he (DUCOTE) has never talked to a Special Agent of the FBI by the name of [ ]. He said that he knows [ ] but that he has never talked to him. DUCOTE stated that he has never talked to the FBI in Los Angeles, California, in 1973.

DUCOTE stated that he believes that the purpose of BOISE saying that documents were given to the FBI is that BOISE wants to hurt R. KEN WILHELM, who was in on the deal with him (DUCOTE). DUCOTE did not further elaborate on

his (DUCOTE) connection with WILHELM. DUCOTE said that BOISE previously had dealings with WILHELM and BOISE feels that he got the short end of the deal.

DUCOTE advised that he first met BOISE approximately one year ago. He believed that this meeting first took place in October or November of 1974 at the Howard Johnson Restaurant in San Jose, California. He advised that BOISE made the first contact with him. Thereafter, BOISE acted as a go-between between DUCOTE and WALTER KUBAS, an investigator for the State of California. DUCOTE advised that it was BOISE who finally set up a meeting between himself and KUBAS.

DUCOTE stated that he believes that BOISE is paranoid. He advised that BOISE had told him in the past that he gets his messages from the license numbers from the people that are following him. BOISE feels that everyone is against him and that this plot against BOISE was perpetrated by WILHELM. DUCOTE feels that the purpose that BOISE is providing information to the newspaper is in an effort to destroy WILHELM.

DUCOTE advised that BOISE had told him that he (BOISE) had been to the FBI, Secret Service, and to the Office of DON EDWARDS in the past. DUCOTE said that he was not aware of the exact dates that these contacts took place. DUCOTE stated that he never has told BOISE that he had turned over any documents to the FBI.

DUCOTE advised that he was told by his attorney, STEVE LEWIS of San Francisco, California, that BOISE had told someone that he (BOISE) was the source of the information that appeared in the newspaper on January 2, 1976. DUCOTE advised that LEWIS could be reached at 100 Bush Street, San Francisco, and had telephone number 468-0800.

REPLY TO THE DISTRICT ATTORNEY'S OFFICE REQUEST FOR DOCUMENTS TAKEN IN DUCOTE'S BREAK-IN THE SAN FRANCISCO OFFICE "CATEGORICALLY DENIES RECEIPT OR POSSESSION OF THIS MATERIAL AT ANY TIME". 5/14/76  
GENERAL INVESTIGATIVE DIVISION

The following is being furnished for the use of the Director during his proposed meeting this date with Congressman Don Edwards of California.

By way of background, you were previously advised in [redacted] to [redacted] memoranda dated 12/22/75 and 1/20/76 that in 3/74, the Civil Rights Division, U. S. Department of Justice (USDJ) requested investigation of repeated break-ins of United Farm Workers (UFW) offices in California. These break-ins occurred between 1966 and 1970 and committing of same were in possible violation of Title 18, U. S. Code, Section 241, involving a conspiracy to deny UFW rights guaranteed by labor law statutes. The investigation centered around an individual identified as Joseph Jerome Ducote, known as a con man and former deputy sheriff, Santa Clara County, California. The investigation further identified an accomplice, [redacted]

Upon completion of our investigation, the USDJ advised that no Federal violation existed and that the information developed should be made available to appropriate local authorities. The Department's instructions were fully complied with. b7C

Ducote and [redacted] were recently charged by local authorities, Santa Clara County, with 14 counts of grand theft and possession and concealing stolen property. Ducote and [redacted] have alluded to the fact that they were dealing with a security agency and it has been concluded by others that it must be the FBI.

Comprehensive memoranda and affidavits submitted by both the San Francisco and Sacramento Divisions regarding this matter specifically deny that Ducote or his associates provided any stolen documents to Special Agents of the FBI or were ever operated as sources, informants, or at the direction of the FBI.

Attached San Francisco teletype advises that on 5/10/76, Santa Clara County Assistant District Attorney William Hoffman appeared as witness in pretrial hearing of [redacted] motion to dismiss burglary indictments and denial of right to speedy trial. Newspaper accounts of Hoffman's testimony revealed he concluded FBI lied to him and delayed reports to him concerning this matter.

In an effort of cooperation to resolve innuendoes of complicity by FBI, a San Francisco Special Agent admitted to Santa Clara County investigators' receipt of a mailing list of San Jose Peace Center which is an organization Ducote burglarized. This mailing list received from independent informant having no connection with Ducote or associates. Thereafter, in reply to District Attorney's Office request for documents taken in Ducote's break-in, the San Francisco Office (SFO) "categorically denies receipt or possession of this material at any time." It is believed Hoffman used this denial of mailing list received from Ducote as basis for his belief he had been lied to. Regarding the timeliness of SFO's response to Hoffman's letter of request, a review of correspondence reveals prompt and precise replies.

Contacts with Santa Clara County law enforcement officers have revealed their opinion of Hoffman to be that he is "paranoid, impetuous, and extremely difficult to get along with." In addition to accusations against SFO, the State Attorney General's Office has been assailed in effort to impute a cover-up and delay by that office when, in fact, Santa Clara County District Attorney's Office received information from public sources contemporaneously with the FBI regarding burglaries.

SAC, SFO has ordered a verbatim transcript be obtained regarding Hoffman's testimony. This will be available approximately 5/19/76. SFO does not intend to let this unwarranted and scurrilous attack go unanswered. SFO will make recommendations upon review of transcript.

Re San Francisco nitel 5/13/76 advising that a verbatim transcript of Santa Clara County Assistant District Attorney WILLIAM HOFFMAN's testimony on 5/10/76 would be obtained from Santa Clara County Superior Court.

A review of the transcripts indicates that HOFFMAN inferred in his testimony during a pretrial hearing that SAC CHARLES W. BATES lied to him but he did not make that statement as set out in San Jose newspaper dated 5/11/76. A pertinent part of the testimony is set out, "Question: Now, when Mr. MC COLLUM talked to Agent SAMPLE, Agent SAMPLE indicated to Mr. MC COLLUM that he had received several years ago, approximately 1967, presumably a mailing list for the San Jose Peace Center. Did Mr. MC COLLUM relate that information to you? Answer: That's right. Question: That he had received this information through an informant? Answer: Well, to go back so I can answer your question, Attorney General ERIC COLLINS had written the FBI before we ever got in the matter about the time we got in it anyway before I started doing anything and asked for a specific number of statements and any documents of the type taken in any of the burglaries from the FBI. They wrote back, gave us a synopsis, not any of the statements, which I got a copy of, and about the same time I got a letter from Mr. BATES which 'incidentally, I don't think any of those letters came to me. He writes the boss, and the boss gives me the letters. But he said he had none of the documents at any time taken in any of the burglaries. I knew that

he did have some, so then I wrote him back and told him that I knew he had some of the documents. And then he said that somebody else stole them for him. The Court: Somebody else what? The Witness: Somebody else stole them for him. They had an informer or somebody that stole them for him. Those were the only ones from the Peace Center in San Jose. Those are the only ones that we happen to know he had and he didn't happen to know we knew he had.'"

b7C

During an interview by DA Investigator MC COLLUM and State Investigator JOHN LILLY on 12/1/75, SA [redacted] in an effort of cooperation to resolve innuendoes of complicity advised the Investigators that the FBI had a mailing list of the San Jose Peace Center from another source and would have had no occasion to accept one from JERRY DUCOTE known to the FBI as an unreliable individual. The San Francisco office later wrote to the District Attorney's office and categorically denied receipt or possession of any material taken in burglaries conducted by DUCOTE.

SA SAMPLE testified at the pretrial hearing on 5/19/76 and the Court record now contains the true facts concerning the Peace Center mailing list in the possession of the FBI. It is to be noted that HOFFMAN and his staff have been obsessed with the notion that the Bureau directed DUCOTE's burglaries.

On 12/5/75 a meeting was held at San Francisco including USA JAMES L. BROWNING, Jr., Deputy Attorney General ERIC COLLINS, and SAC CHARLES W. BATES. At this meeting COLLINS said that he would like to have certain information from FBI files and that he would direct a letter to this office setting out a formal request. The letter from COLLINS dated 12/10/75 was received by the San Francisco FBI office on 12/17/75 inasmuch as it was directed to USA BROWNING and was eventually forwarded to the San Francisco FBI office.

SF 62-6943

MES:lmk

By letter dated 1/2/76 a detailed letterhead memorandum was furnished Deputy Attorney General ERIC COLLINS and Santa Clara County District Attorney LOUIS BERGNA. This memorandum contained all pertinent information in the files of the San Francisco and Sacramento Divisions. Deputy Attorney General ERIC COLLINS then requested original serials setting out the information referred to in the LHM and upon approval by the Department of Justice all these serials were furnished COLLINS and BERGNA by letter dated 1/29/76. It is to be noted that the first letter forwarded by Assistant District Attorney HOFFMAN to SAC BATES was dated 1/2/76. On 12/30/75, DOUGLAS LOGAN, Chief Investigator, Santa Clara County District Attorney's Office, telephonically contacted Bureau officials in Washington and complained that SAC BATES was not cooperating, would not furnish requested materials, and would not return telephone calls or answer letters which is all false. During the course of this investigation Assistant DA HOFFMAN has written letters of a threatening type asking for certain statements and documents that do not exist.

For the information of the Bureau, the pretrial hearing relative to Defendant [ ] has been completed and the Judge's decision to dismiss the charges requested in the motion made by the Defense Attorney is being awaited. The Bureau will be kept advised.

b7C

A copy of the transcript of Assistant District Attorney WILLIAM P. HOFFMAN's testimony on 5/10/76 is enclosed for the Bureau's information.

Re San Francisco nitel to Bureau and Sacramento, 4/23/76, and San Francisco telcal to FBIHQ, 4/27/76, and San Francisco telcal to Bakersfield RA, 4/27/76.

Contact with C. RANDALL SCHNEIDER, Deputy Public Defender, Santa Clara County, on 4/27/76, has revealed that the 5/3/76 appearance date is tentative. SCHNEIDER advised that the appearance by the subpoenaed FBI Agents in Superior Court at San Jose, California, is in connection with his pre-trial motion to dismiss the local burglary indictments against [redacted] on the grounds that [redacted] has been denied his right to a speedy trial. SCHNEIDER has stated that he will seek to establish that the burglaries which [redacted] is alleged to have committed, occurred in 1967 and 1968 and that law enforcement had information that [redacted] had committed these burglaries during that time.

SCHNEIDER continued that, as an example of this defense, he will rely upon the arrest and processing of [redacted] at Delano, California, for the 5/30/67 breakin of the United Farmworkers Filipino Community Center. SCHNEIDER stated that the police department traced the license of an

automobile to [redacted], and thereafter, [redacted] came to Delano and was fingerprinted, photographed and booked for the burglary. Thereafter, a statement was made by a [redacted] to an [redacted] of the Delano Police Department that [redacted] was committing the burglary on behalf of the FBI. As a result of this, SCHNEIDER believes Chief of Police JAMES AILES caused the burglary charges to be dropped. SCHNEIDER is working under the belief that Chief of Police AILES is personally friendly with SA CONRAD SHAW of the Bakersfield RA, and SHAW may have confirmed to AILES that [redacted] was participating in a burglary for the FBI.

SCHNEIDER will attempt then to attribute the four burglaries in Santa Clara County that were of a political nature to the FBI. SCHNEIDER was advised that any such conclusion is unsupported by fact and is, therefore, untrue.

SCHNEIDER further stated that an attempt may be made to connect [redacted] and DUCOTE to SAs of the FBI and cited a CII investigative report of CII Agent LILLY under their case number 750119, page 8, of a 13 page report, wherein, on 12/1/75, SA [redacted] is referred to as having received a mailing list from one of the Peace Centers which was burglarized. This report establishes that the mailing list was received from a confidential informant, but SCHNEIDER was interested in pursuing whether the informant was either DUCOTE, [redacted] or one of their intermediaries. Again, Mr. SCHNEIDER was assured that the FBI had no contact with any of the aforementioned individuals or their intermediaries and that line of defense was also unfounded. SCHNEIDER wanted to pursue the question of whether [redacted] had heard rumors that there were burglaries by DUCOTE and [redacted] and what he did about it, and furthermore, what did SA CONRAD SHAW do to report burglaries that had come to his attention to the proper authorities, particularly the Delano Police Department.

SCHNEIDER advised that he has attempted to plead [redacted] guilty to lesser counts or offenses, but Deputy District Attorney HOFFMAN has refused to plea bargain and is going after [redacted] "with a hatchet". SCHNEIDER advised, also, that he expects DUCOTE to be a cooperative witness against [redacted] at the trial, and he described DUCOTE as a person who attempts to develop friendships with people by "buying them drinks or developing a rapport with them and later imposing on them for favors". SCHNEIDER also believed that it appears that the defendants (DUCOTE and [redacted]) are using the FBI as a coverup for their activities. This was evident by the use of

SF 62-6943

the Catholic Church by these men as one of the stories put out to justify the activities or gain sympathy from public officials.

SCHNEIDER advised that his client, [REDACTED] left the State of California in 1969 to live in the State of Idaho and had remained there until the current burglary charges were instituted. He will attempt to argue that, even though the Statute of Limitations for the crime of burglary was tolled by [REDACTED] departure from the state, he will attempt to have the Statute interpreted that [REDACTED] was not in a flight status and was, at all times, available to law enforcement.

SCHNEIDER stated that he wished to advise the Bureau that DUCOTE has given indications that he will attempt to implicate the FBI into the burglaries by stating that he dealt with a LARRY COTT (phonetic) of the Western Research Company in San Francisco. He advised that there is the belief that this company was an FBI or CIA front. SCHNEIDER was advised that, besides being untrue, that type of assertion is irrelevant and certainly DUCOTE could not state he was working under the Western Research direction.

SCHNEIDER also stated that he had been told that there is an ex-FBI Agent named [REDACTED] who worked for Ramparts Magazine and had made statements that, while he, [REDACTED] was an FBI Agent, he committed burglaries of a political nature and that it was his, [REDACTED] understanding that, after he left the FBI, it was the practice of the Bureau to have "informants" commit burglaries for them.

SCHNEIDER did not know which judge would hear the pre-trial motion to dismiss at the time of contact and stated that the assignment would be made by Friday, 4/30/76, by Judge BRUCE ALLEN. He was told that this office and the Sacramento Office would need at least 24 hours' notice in order to comply with the appearance of the Agents and records in this matter.

The Bureau and Sacramento Division will be kept advised of the developments in this matter.

 Department of Justice  
 Washington, D.C. 20530

Dear Mr. Uhlmann:

A criminal case presently pending in Santa Clara County, California has raised some questions concerning the practices and procedures of the Federal Bureau of Investigation.

I am enclosing several newspaper clippings which recount the substance of the stories and allegations, so I will not repeat a recitation of the facts.

While it is our firm policy never to interfere with a pending criminal prosecution, and we have no intention of doing so here or of having the Department of Justice or FBI do so, there are several aspects of this matter which raise larger questions as to various practices in the operations of the Bureau.

In order to fully discharge our legislative and oversight responsibilities with respect to the FBI, I am enclosing a list of questions to which we would appreciate a full and complete response by the FBI as soon as possible.

Thank you for your cooperation.

Note: This response was coordinated with representatives of the Intelligence, General Investigative, and Special Investigative Divisions. Ducote is currently in local custody awaiting trial on local charges in the State of California. Ducote has made allegations that he performed political burglaries at the request of the FBI, and turned over material gathered from these burglaries to Bureau Agents. Affidavits have been obtained from Agents involved with the investigation of Ducote and Ducote has denied, in an interview with Bureau Agents, that he ever committed any burglaries for the FBI. The San Francisco Division has been instructed to closely follow the local trial of Ducote and to keep the Bureau advised as to developments.

Reference is made to Subcommittee on Civil and Constitutional Rights of the House Committee on the Judiciary letter dated January 8, 1976, regarding Jerome Joseph Ducote.

For your information, the files of the San Francisco Office of the Federal Bureau of Investigation (FBI) indicate that Ducote appeared at the San Jose Resident Agency in 1968, and requested assistance from the FBI in his investigation of communist influence in the Farm Workers Union. He stated that he was working for the Diocese of the Roman Catholic Church of Northern California. Ducote advised that it was felt that some of the young priests were being influenced by the communists. It was pointed out that the FBI could not assist him.

On February 19, 1970, Ducote was interviewed at the San Jose Resident Agency by Special Agents of the FBI, and was advised that an investigation was being conducted concerning allegations that he was indicating that he was a member of the House Committee on Un-American Activities (HCUA). Ducote advised that he was working closely with the leadership of the Catholic Church of San Francisco in ferreting out subversive elements in the church. Ducote advised that two months prior to the interview he went to Washington and met with Congressman Charles Gabser, Chief Counsel for the HCUA, and a representative of the Central Intelligence Agency. He advised that he had told several people that he had consulted with the HCUA and they might have believed that he was an employee of the HCUA.

The facts of this matter were discussed with the United States Attorney's office, Northern District of California, and prosecution was declined.

SUBCOMMITTEE ON CIVIL AND CONSTITUTIONAL  
RIGHTS OF THE HOUSE COMMITTEE ON THE JUDICIARY

b7c

On December 12, 1972, [redacted] visited the Palo Alto Resident Agency of the FBI, where she stated that Jerome Joseph Ducote had gained her confidence by claiming to be a consultant for the HCUA, and in reliance upon this, she gave him \$3,000 which he refused to pay back.

The facts of this matter were discussed with Assistant United States Attorney Jerry K. Cimmet, Northern District of California, on February 18, 1975, at which time Mr. Cimmet declined prosecution.

Ducote, using the alias Fred Schwartz, held a pre-arranged meeting with Jerry Cohen, Chief Counsel, United Farm Workers, Keene, California, on March 25, 1975. Schwartz claimed to have documents taken during robberies and burglaries which were undertaken at the direction of two California growers. Schwartz offered to sell Cohen these documents, which would be of interest to the United Farm Workers, for \$35,000.

During another meeting with Cohen on March 31, 1974, Schwartz lowered the price to \$25,000. This meeting resulted in the identification of Schwartz as Jerry Joseph Ducote, born June 28, 1929, at Gulfport, Mississippi.

On April 1, 1974, Ducote telephoned Cohen and asked for \$600 to \$1,000 immediate cash, which he said he needed for bail.

In accordance with Department of Justice instructions, the results of the FBI's investigation were turned over to local authorities.

On December 24, 1975, Joseph Jerome Ducote was interviewed by Special Agents of the FBI at the Santa Clara County Jail.

Ducote advised that he has never worked for the FBI in any capacity. He advised that he did not turn over any documents to Agents of the FBI nor did he ever meet any Bureau Agents who were acting in an undercover capacity.

Ducote is currently in local custody in California, awaiting trial on burglary charges.

In May, 1971, Jerry Clark Boyes complained to the Referee in Bankruptcy, San Jose, California, alleging improprieties in connection with bankruptcy proceedings concerning several companies in which he had an interest. Boyes was interviewed on two occasions, but could furnish no specific information concerning this matter.

At 5:30 a.m., on July 3, 1969, Jerry Boyes telephonically contacted the San Francisco Office of the FBI and advised that he was a host to a foreign visitor, whom he thought was a representative of the Secretary of the Interior of Iran. He noted a dinner was set up by the San Jose Recreation Department. After dinner his wife and the guest began drinking heavily and became involved in a manner in which he did not approve. He advised that he got involved in a fistfight with the guest and broke his fist during the fight.

Boyes appeared at the Los Angeles FBI Office on September 11, 1973, and advised that his ex-wife is married to a man who is a close associate of a reported Mafia member in San Jose, California.

On March 29, 1971, Boyes appeared at the San Francisco FBI Office and advised that he was being squeezed out by local politicians. He named a great number of people in Santa Clara County, including then Governor Ronald Reagan, and Senator Alan Cranston, and others who were conspiring with the "syndicate" to make San Francisco the world's largest syndicate controlled port. He advised that he knew so much about the people involved that the FBI should be able to rescue him from his bankruptcy.

On January 11, 1974, one [redacted] of San Jose, California, arranged a meeting with an individual who identified himself as Jerry Boyes. Boyes pointed out that he had patented the idea that later sold through the Sears Company called "add-a-room." He said that the venture failed. He was later involved in the production of modular homes at Santa Clara, California, but was eased out of the company into bankruptcy by a corporation headed by [redacted]  
[redacted]

He also said that his grandfather subdivided the City of Whittier, California, and he has been "close" to the Nixon family for years, and was on a first-name basis with Haldeman and Ehrlichman, former advisors to former President Nixon. b7C

Boyes said that he learned from his daughter that his first wife was involved in picking up packages at National City, California, and delivering them to certain individuals in Albany, Oregon. He said that he did not know whether these packages contained narcotics, money being brought into the country by [redacted] or possibly photographs to be used in a mail scheme.

Boyes claimed that during October or November of 1973, he made an appointment to tell his story to Jack Cox, Administrative Assistant to Congressman Barry Goldwater, Jr. He said that Cox did not keep the appointment, and he went to the U.S. Secret Service in Los Angeles. While in an interview room with a Secret Service agent, he observed a photograph on the wall of the West Coast Mafia family. He said that the interviewing agent was identical to one of the individuals in the photograph.

On January 14, 1974, Boyes appeared at the San Jose Resident Agency and exhibited an envelope containing an offer from "Kiplinger Newsletter," offering a trial subscription. Boyes stated that he wrote a letter to Congressman Goldwater and that this Kiplinger letter was a signal to Boyes that the communists had determined that he was corresponding with Congressman Goldwater.

The FBI cannot comment in any way on the question of whether any individual or organization is a source of information for the FBI. A refusal to reply to this type of inquiry should in no way be construed as an inference of association with any individual or organization.

Unsolicited information is reviewed and filed along with solicited information. The FBI would not knowingly utilize information obtained illegally. Where it is determined that illegal information had been tendered to the FBI, a determination would be made concerning FBI jurisdiction in the matter, and in the absence of jurisdiction, the matter would be referred to appropriate authorities for their information.

Director Kelley and the Attorney General have recently testified before the Subcommittee on Civil and Constitutional Rights of the House Committee on the Judiciary concerning the subject of unsolicited information. Guidelines are currently being prepared by the Department of Justice on this matter.

As members of a Federal investigative agency, FBI employees must at all times zealously guard and defend the rights and liberties guaranteed to all individuals by the Constitution. Therefore, FBI employees must not engage in any investigative activity which could abridge in any way the rights guaranteed to a citizen of the United States by the Constitution and under no circumstances shall employees of the FBI engage in any conduct which may result in defaming the character, reputation, integrity, or dignity of any citizen or organization of citizens of the United States.

There is no question as to Special Agents being aware that informants cannot be directed to perform a function that the Special Agent may not legally perform. All information furnished from informants is constantly sifted, analyzed, recorded and disseminated when warranted. The information from informants is verified where possible through either sources or individual investigations. A system of checks is constantly involved to prevent an informant from producing erroneous information by accident or design. The FBI will not knowingly utilize illegally obtained information.
